Who Are We?

EforAll is located in Pioneer Valley, and is part of the Entrepreneurship for All network. The EforAll Accelerator Program is a free, one-year program offered twice a year. This program offers a unique combination of immersive business training, mentorship and access to an extended professional network. Anyone with a dream to start or grow a business or nonprofit are encouraged to apply.

What do we do?

Business Accelerator

A year-long cohort model with up to 15 entrepreneurs. We offer 3 months of intensive business classes, as well as a mentor ratio of 3:1. Entrepreneurs have the opportunity to earn seed money for their business.

Pitch Contest

Our Pitch Contests provide entrepreneurs with the opportunity to present their idea to EforAll as well as the community in general. Participants compete for a sum of seed money in front of a panel of judges. It's like Shark Tank without the teeth!

Spanish Program

Along with our English program, we will launch our Spanish program in Winter 2023. Spanish speakers will have the opportunity to network, work with professional mentors, and take classes in their native language.
